

Privacy Policy

Stickman Survivor 3D
Developer: NODUS WORKS

Effective Date: September 18, 2026

NODUS WORKS ("we", "our", or "us") operates the mobile game Stickman Survivor 3D. This Privacy Policy explains how information may be collected, used, processed, and shared when you use the game. By using Stickman Survivor 3D, you acknowledge the practices described in this Privacy Policy.

1. Information We Collect

NODUS WORKS does not require users to create an account or provide personal information such as a name, email address, phone number, or physical address in order to play Stickman Survivor 3D.

However, the game uses third-party services that may automatically collect certain information from your device. This information may include:

- IP address
- Device identifiers
- Advertising identifiers, where permitted
- App interactions, such as app launches, taps, and advertisement interactions
- Diagnostic and performance information
- Device and operating system information
- General location inferred from an IP address
- Advertising-related information

This information is primarily processed by third-party service providers used by the game.

2. Advertising

Stickman Survivor 3D uses Google AdMob to provide advertisements. The game may display rewarded advertisements and interstitial advertisements.

Google AdMob may collect and process information such as device identifiers, advertising identifiers, IP addresses, advertisement interactions, app interactions, and diagnostic information. This information may be used for purposes including:

- Providing advertisements
- Measuring advertisement performance
- Preventing fraud and abuse

- Limiting repeated advertisements
- Improving advertising services
- Providing personalized or non-personalized advertisements where permitted

Advertising preferences and the availability of personalized advertising may depend on your region, device settings, age, and applicable privacy laws.

NODUS WORKS does not directly control how Google processes information collected through Google AdMob.

3. In-App Purchases

Stickman Survivor 3D offers optional in-app purchases. Purchases are processed through the Google Play payment system.

NODUS WORKS does not directly collect or store your full payment card information. Google Play may process transaction information and other information required to:

- Complete purchases
- Verify transactions
- Prevent fraud
- Process refunds
- Maintain purchase records

Payment information is handled according to Google's own terms and privacy practices.

4. Analytics and Crash Reporting

Stickman Survivor 3D does not currently use a separate analytics service such as Firebase Analytics.

The game also does not currently use a separate crash reporting service such as Firebase Crashlytics.

Third-party services such as Google AdMob or Google Play may still process limited diagnostic, interaction, and performance information as part of providing their services.

5. Permissions

Stickman Survivor 3D requires internet access. Internet access is used for purposes such as loading advertisements, processing in-app purchases, and communicating with Google Play services and other required third-party services.

The game does not request access to your camera, microphone, contacts, precise location, or personal files for normal gameplay.

6. How Information Is Used

Information processed through Stickman Survivor 3D and its third-party services may be used to:

- Operate and provide the game
- Display advertisements
- Provide rewarded advertising features
- Process in-app purchases
- Detect fraud, abuse, and security issues
- Maintain service reliability
- Diagnose technical issues
- Comply with legal obligations

NODUS WORKS does not sell personal information directly to third parties.

7. Third-Party Services

Stickman Survivor 3D uses services provided by third parties, including Google AdMob, Google Play Services, and Google Play Billing.

These providers may collect, process, store, or share information according to their own privacy policies and legal obligations. We encourage users to review Google's privacy practices for additional information about how Google processes data.

8. Data Sharing

Information may be shared with third-party service providers when necessary to provide game functionality, advertisements, purchase processing, fraud prevention, security, or legal compliance.

For example, information related to advertising may be processed by Google through AdMob, while purchase information may be processed through Google Play.

NODUS WORKS does not intentionally share personal information with unrelated third parties for independent marketing purposes.

9. Data Security

We take reasonable steps to protect information associated with the game. Third-party services used by Stickman Survivor 3D may use security measures such as encryption during transmission.

However, no digital system, internet transmission, or storage method can be guaranteed to be completely secure.

10. Data Retention

NODUS WORKS does not maintain user accounts and does not intentionally maintain a standalone database containing personally identifiable player profiles.

Information processed by third-party services may be retained according to the retention policies of those providers and applicable legal requirements.

Where NODUS WORKS receives information directly in connection with support requests or legal obligations, such information will only be retained for as long as reasonably necessary for the purpose for which it was provided.

11. Data Deletion Requests

Because Stickman Survivor 3D does not provide user accounts, there is no in-game user account database to delete.

If you believe NODUS WORKS has received personal information relating to you and you would like to request access to or deletion of that information, you may contact us at akkanzafer@gmail.com.

Information independently processed by Google or other third-party providers may need to be managed through those providers' privacy controls.

12. Children's Privacy

Stickman Survivor 3D is intended for a general audience and is not specifically directed toward children.

We do not knowingly request children to provide personal information directly to NODUS WORKS. Where applicable, advertising and data processing are subject to platform requirements, regional laws, and the settings provided by third-party advertising services.

Parents or guardians who believe that a child has directly provided personal information to NODUS WORKS may contact us at the email address below.

13. International Data Processing

Third-party providers used by the game may process information on servers located in countries other than the user's country of residence.

Such processing is handled according to the privacy policies and legal safeguards of the relevant service providers.

14. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in the game, third-party services, legal requirements, or our data practices.

Changes will be posted on the applicable Privacy Policy page with an updated effective date where appropriate. We encourage users to review this Privacy Policy periodically.

15. Contact Us
